HELLO!

FordhamHacks is Fordham University's first-ever 24-hour hackathon hosted at the heart of NYC, the Lincoln Center campus, on January 25-26, 2020.

It was organized to foster innovative problem-solving by gathering ~200 students in and around NYC at a space where they can explore new solutions with people they normally don't have the chance to interact with.

THE TEAM

The FordhamHacks team is currently composed of future programmers, entrepreneurs, and designers who are passionate about making strides towards bettering the world!

TRACKS

For this kick off year, FordhamHacks will be encouraging participants to **build** for:

Impact on Diversity & Social Good	Health Tech	Environmental & Disaster Relief	Cybersecurity	Fintech
Encouraging diversity in STEM while making it easier for others to positively impact the world through humanitarian work, education, politics	Improving the way we live our lives by encouraging healthier physical and mental lifestyle changes	Helping alleviate the effects of the more dangerous side of nature	Hacking to help protect others from getting hacked	Contributing to the constantly growing, innovative tech in the fintech field

WHY SPONSOR?

There are plenty of ways to get involved with FordhamHacks 2020. Partnering with FordhamHacks as a sponsor comes with many perks and helps make the event memorable for all the students and mentors joining us this Spring!

WHY SPONSOR?

Raise Brand Awareness!

Connect with students at a 24-hour hackathon and leave an impression that will outlast any career fair or conference!

Connect with Students!

Send members of your team to collaborate with and inspire students at the event. Attach a face and project to resumes to get a better profile of potential recruitees!

Test Your API and Get Product Feedback - Live!

Watch your API or product being used in the wild and receive direct feedback from the students. If you have a new API or product in the works, take it for a test run by showing it off to some 200 motivated students!
